PROFILE SUMMARY

I am passionate about creating dynamic, scalable web applications and am continuously learning new technologies to improve user experiences and app performance. With a strong background in front-end development and an eagerness to grow in React and full-stack development, I am excited to apply my skills and contribute to impactful projects in the tech industry.

WORK EXPERIENCE

Tukilogic Pvt. Ltd Aug 2024 - Jan 2025
Junior Frontend(ReactJS, NextJS)

- Developed and deployed several real-world projects using Next.js to deliver optimized, server-side rendered (SSR) and statically generated (SSG) web applications.
- Utilized React for building interactive user interfaces and Next.js for SSR, improving SEO and load times.
- Developed production-level web applications using Next.js, React, and other modern web technologies.
- Worked on projects such as a hotel booking platform and an e-commerce website, optimizing user experience and performance.

Leo Club of Kathmandu Nepalaya Aug 2023 - Present
Joint Seceretary

- Managed the club's administrative tasks, including maintaining records, scheduling meetings, and ensuring smooth communication between members and the executive team.
- Organized and executed community service events such as health camps, charity fundraisers, and environmental awareness programs.
- Coordinated with local businesses and organizations to secure partnerships and sponsorships for club events.

Spyders Lab Pvt. Lab Sept 2022- Dec 2022
Frontend Intern(HTML, CSS, JS)

- Developed responsive and user-friendly web pages using HTML, CSS, and JavaScript.
- Collaborated with design teams to implement web page layouts and features.
- Created and maintained CSS stylesheets, ensuring consistency across various pages and components.
